

REMARKS

Applicants respectfully assert that the foregoing amendments are not being submitted for purpose of delay and do not involve new matter. In particular, various amendments have been made to the specification through this response to update the serial number of a cross-referenced application, to update the summary and abstract to correspond to the amended claims, and to provide a correct and accurate description of embodiments of Applicant's invention as originally disclosed. Further, Applicants have amended claims 1 and 14 (and have canceled claim 2) to incorporate features found in original claim 2, as well as to clarify that the resonating elements are mechanically separate among the first and second resonators. Claim 16 has likewise been amended to provide consistency with claim 14. Also, claim 21 is newly added to incorporate features found in claim 8 into a communications device. If, in the opinion of the Examiner, a telephonic conference would expedite entry of the foregoing amendment, the Examiner is invited to call the undersigned attorney at (770) 933-9500.

Respectfully submitted,

David Rodack, Reg. No. 47,034
